[#ECOFEL](#) has successfully concluded the 'Strategic Analysis Course' (SAC) to support FIU Kazakhstan and Uzbekistan in strengthening their capabilities to produce high-quality strategic analysis.

This workshop took place from Monday, November 18th to Wednesday, November 20th, 2024, in Astana, Kazakhstan. The event brought together 30 participants from two Financial Intelligence Units (FIUs).

Participants gained insight on how to strengthen their strategic analysis skills, which will in its turn, result in higher quality strategic analysis products at both FIUs. The trainees participated in interactive group exercises and activities to help them consolidate their skills in FIU strategic analysis.

[hashtag#ECOFEL](#) expresses its sincere gratitude to our trainers **Maria Samaroo-Ramrattan** and PhD, Oxana G. and participants for the successful delivery of the Advanced Strategic Analysis Course.

ECOFEL also thanks FMA Kazakhstan for graciously hosting this workshop. Additionally, we extend our appreciation to FIU Moldova, FIU Trinidad and Tobago, and the EAG Secretariat for contributing to this excellent learning experience. We look forward to continuing to deliver targeted training on this very important topic in the future.

Last but not least, thank you to the ECOFEL donors. Our initiatives would not be possible without your support and generous contributions!
